Q62798

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant submits the following explanations:

Japanese Patent Kokai Publication No. Hei. 8-230204 discloses an ink cartridge in which an ink bag is accommodated within a case made of high rigid material, such as polymer material. To prevent damage of the ink bag due to vibration during transport and careless handling, one side surface of the ink bag is fixed to a case inner surface with adhesive, and another side surface is supported by ribs having an outer configuration corresponding to the ink bag.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

Respectfully submitted,
